

Christmas for Circles USA Participants

Big thank you to so many community members who made Christmas special for Circles participants. Some chapters had Christmas Bingo, a visit from Santa, and special activities. Circles chapters have taken a few weeks off for the holidays but they will resume in the beginning of January.

CRMC Foundation

CRMC Foundation held their annual “Double Your Donation Day” on November 14th and Cumberland County Community Engagement Coordinator Balinda Westmoreland, delivered a check from a Cumberland County resident who donated to the Empower Fund that day and was able to have the donation doubled.

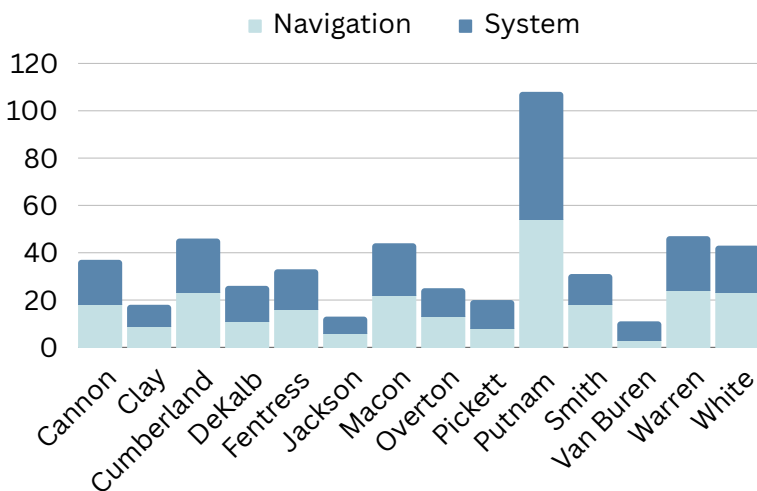

Participant Spotlight

Kelly and her husband have two children and have both always worked but could not get caught up on bills that needed to be paid. Kelly decided to go back to school and she just finished her certification in massage therapy through the TCAT in Crossville. They went from being 3 months behind on bills to now being able to make a budget and pay bills on time. “Empower has been a lifesaver. It has made starting a career and juggling life so much less stressful. Catching up is a battle in itself. Having support makes a difference. Having someone to back you up and cheer you on makes THE DIFFERENCE.”
