

White County Circles

We would like to give a special thanks to all of our volunteers in the childcare program in White County. Recently, they had a lesson on how to identify and replace negative thoughts and encouraged the children to speak and have positive thoughts about themselves and others. Following the lesson, the children chose a "positive thought" to paint and take home as a reminder to keep negative thoughts away by replacing them with kind and positive thoughts.

Participant Spotlight

Tiera has been actively participating in Empower UC since March. She is a small business owner of two successful businesses and has worked hard for her family to provide a better life for her and her four children. Through Empower UC she has been able to come out of her comfort zone, recently being on a local podcast, and realizing she can do anything that she sets her mind to, despite any obstacles she may face along the way.

WCTE Ready to Learn Macon County

Ready to Learn four-week program wrapped up in Macon County with five families and 11 children completing the program.

Highlands Training Center Graduation

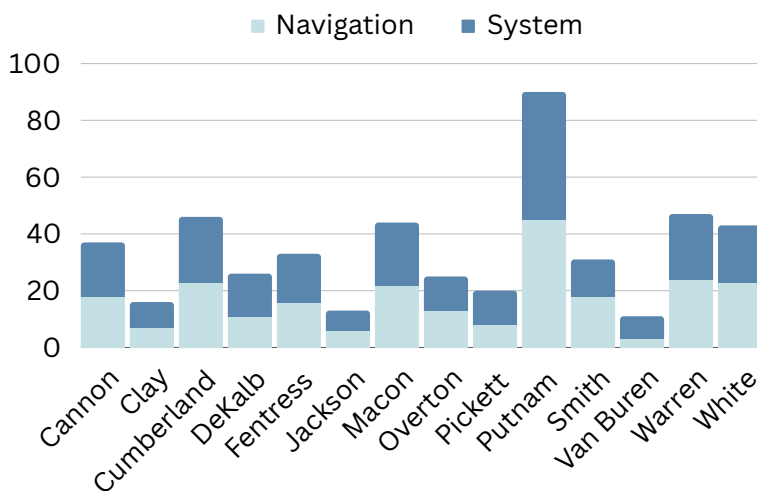

Highlands Training Center held its first graduation for participants who had completed the program from January to November. Participants who graduated completed a four-week online course, in-person presentations, and were then assisted by staff with job placement within the Upper Cumberland region.

Visit from TNDHS

In November we had a visit from some of the TNDHS staff members. During their visit they were able to hear from all of the core partners and visited the Highlands Training Center.
